About Me:

　　Hello, I'm Shoaib Ali, a passionate front-end developer dedicated to crafting visually appealing and user-friendly web experiences. With a keen eye for design and a love for clean code, I thrive on transforming creative ideas into functional and engaging websites. I am proficient in a range of Front-end technologies such as HTML, CSS, Javascript, React, Bootstrap and more.

Skills:

- HTML
- CSS
- JavaScript
- API
- React.js
- Bootstrap
- Git
- Github
- Figma

Projects:

- **Personal Portfolio**
  - Designed and developed a personal portfolio showcasing projects and skills.
  - Implemented responsive design for optimal viewing across various devices.
  - Used HTML, CSS, and JavaScript to create a dynamic and user-friendly experience.
- **Fitness Application**

- Designed a Fitness application that displays various exercises that are categorized by the muscle groups they target. Users are able to search specific exercises and filter by muscle groups.
- Built using React.js and RapidAPI
- **Starbucks Clone**
  - A responsive website that is a clone of the Starbucks landing page, built using HTML, CSS and Javascript
